

Intelligent vending machine + factory management system,
making material management simpler, more intelligent and more efficient!

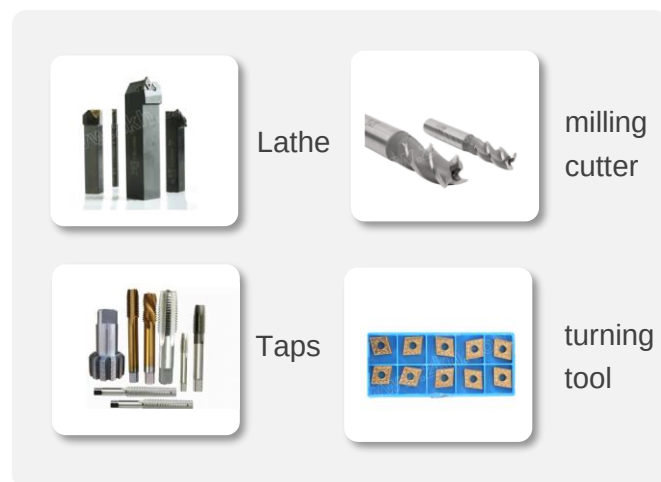

Intelligent Vending Machine

Factory Management System

TruVend Industrial Vending Machine cutting tools management solution--- Product list

S50-80 Plus
Host machine,
with a side lattice port

S50-80
Host machine,
without side lattice port

S51-80
Auxiliary Machine

Cutting Tools
Management
Machine

Product Features

- **Large capacity:** up to **80 channels**, a group of equipment up to expand the sub-cabinet management of **320 kinds of 7800** cutting tools;
- **Permissions Management:** based on job permissions, **set the quantity and category of cutting tools** that employees can receive to reduce waste;
- **Old for new service, tool life statistics:** **Employees can only get new tools after they return them;** tools service life record statistics;
- **Half new tools use management:** **15 separate grids** are used to manage the different old tools, it supports the **old tools being used** by multiple employee **more than one time** ;
- **Intelligent Operation:** consumption analysis report, tool life statistics, cost statistics.

Applicable Scenarios

- **Tool suppliers/Tool solution operators:** Provide tool cabinets to customers for fee or free service , to improve the competitiveness of their own tooling services;
- **End user:** who want to realize the refinement and standardization of cutting tools management;
- **Suitable tool types:** Inserts or drills, taps, milling cutters, etc. with packaging and collected as packaged;

Vending-80 Product Series parameters

KUNTON

S50-80

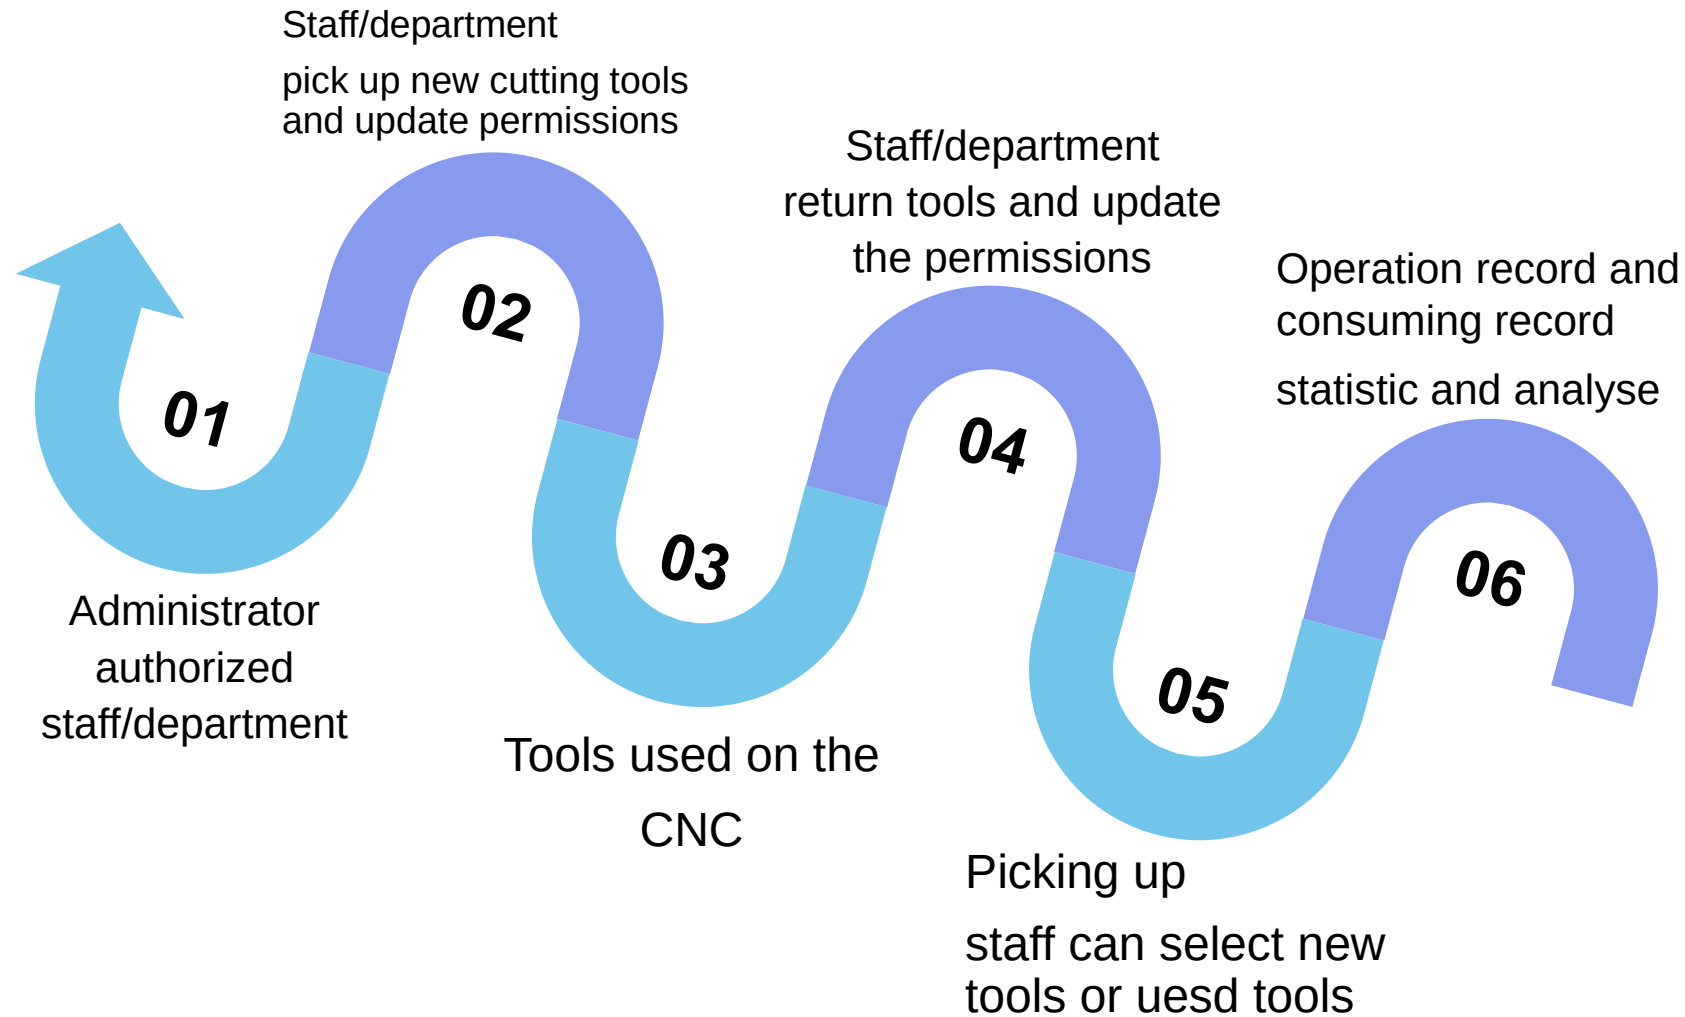

S51-80

S50-80 Plus

Specifications	Parameters	Remark
Product Name	iMat 80 channels cutting tools management machine	
Product Model	S50-80 / S50-80 Plus / S51-80	
Size	1950*1190*835	Height*Width*Depth (mm)
Floor area	0.99m²	
Single lane size	75*165	Width*Height (mm)
Double lane size	150*165	Width*Height (mm)
Recycling grid size	172*180*190	Width*Height*depth(mm)
Specification Type of Spring	3/5/6/8/10/12/15/16/18/20/22	
Specification Type of tiny Spring	15/18/20/23	
load-bearing /channel	5kg	
load-bearing / floor	50kg	No more than 50KG materials put in one floor
oad-bearing / machine	400kg	No more than 400KG materials put in the whole machine
Channel qty	S50-80: 80 S50-80 Plus : 80+15 S51-80: 80	Spring channel: 80, 8floors, 10/floor Grid channel: 15, 5floors, 3/floor
Max material Qty every machine	1840	
Screen Size	27 inch	
Net Weight	350kg	
Input voltage	220V	
Power	150W/60W	Max / average
pickup options support	Face ID /IC&ID Card /password/ QR code	
Support auxiliary machine qty	3	a host machine can connect 3 auxiliary machine
